

Roadmap of sharing  
**C+ - WIN**

# SHARED VISION OF ACHIEVING UNIVERSAL VACCINATION

What do countries need for mass-scale vaccination?

# Why Co-WIN?

Co-WIN is the digital backbone orchestrating India's Vaccination Program

**Lightweight Technology**  
in **Open & Modular** form

**Interoperable** with  
other digital platforms

**Available** for sharing as  
an **Open Public Good**

**Evolvable** to meet  
the current needs

**Adaptable and Inclusive** of  
different **geographies** and  
**demographics**

**Scalable** globally

# Impact Co-WIN

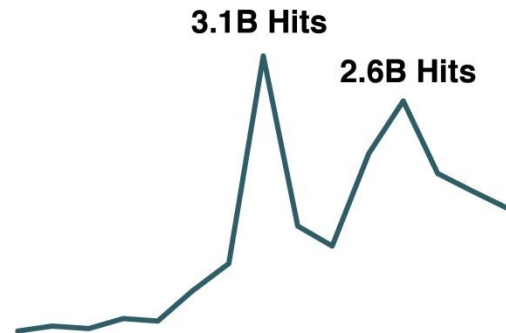

## Time to Scale - Registrations

200 Million in 4 Months

300 Million in 5 Months

## Robust System – Daily Visits

## Overall Statistics

as on June 30, 2021

**363M**  
Registered  
Citizens

**348M**  
Total Vaccines  
Administered

**0.008%**  
AEFI Recorded  
Overall

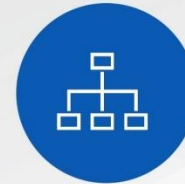

**209K**  
Vaccination  
Centres

# How can other countries benefit from Co-WIN?

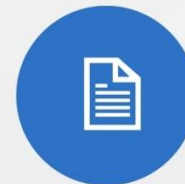

## Democratising Technology

- Inclusivity and accessibility
- Multiple modes of registration and multilingual for diversity
- Parameterised inputs for flexibility

## Single Source of Truth

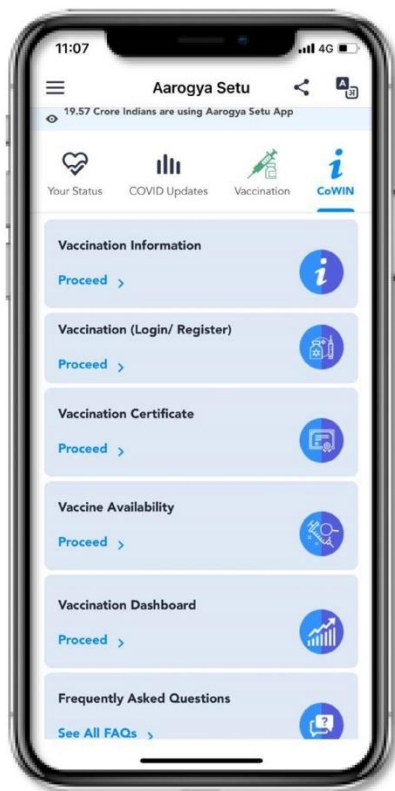

- Removes information asymmetry
- Issues vaccination certificates centrally, universally verifiable
- Dashboard access to larger public

## Vaccination Policy and AEFI

- Using data driven feedback to evolve vaccination policy
- Tracking Adverse Effects Following Immunization

# Co-WIN - Open APIs and Wider Outreach

## Public and Private Partnerships

as on June 30, 2021

API based access to third-party software applications facilitates **value-added services** and an **enhanced experience**

204

### Applications Received

Government - 14  
Private - 190

148

### Integrating with Co-WIN

Government - 11  
Private - 137

# Next Steps – Sharing Co-WIN

## Licensing and Partnership

**Free Public Utility  
for the World**

**Customise and Modify  
based on needs**

**Data Security and  
Sovereign Autonomy  
over the system**

**Hosting the system  
as per Country's  
Preference**

## Implementing the System

### Documentation

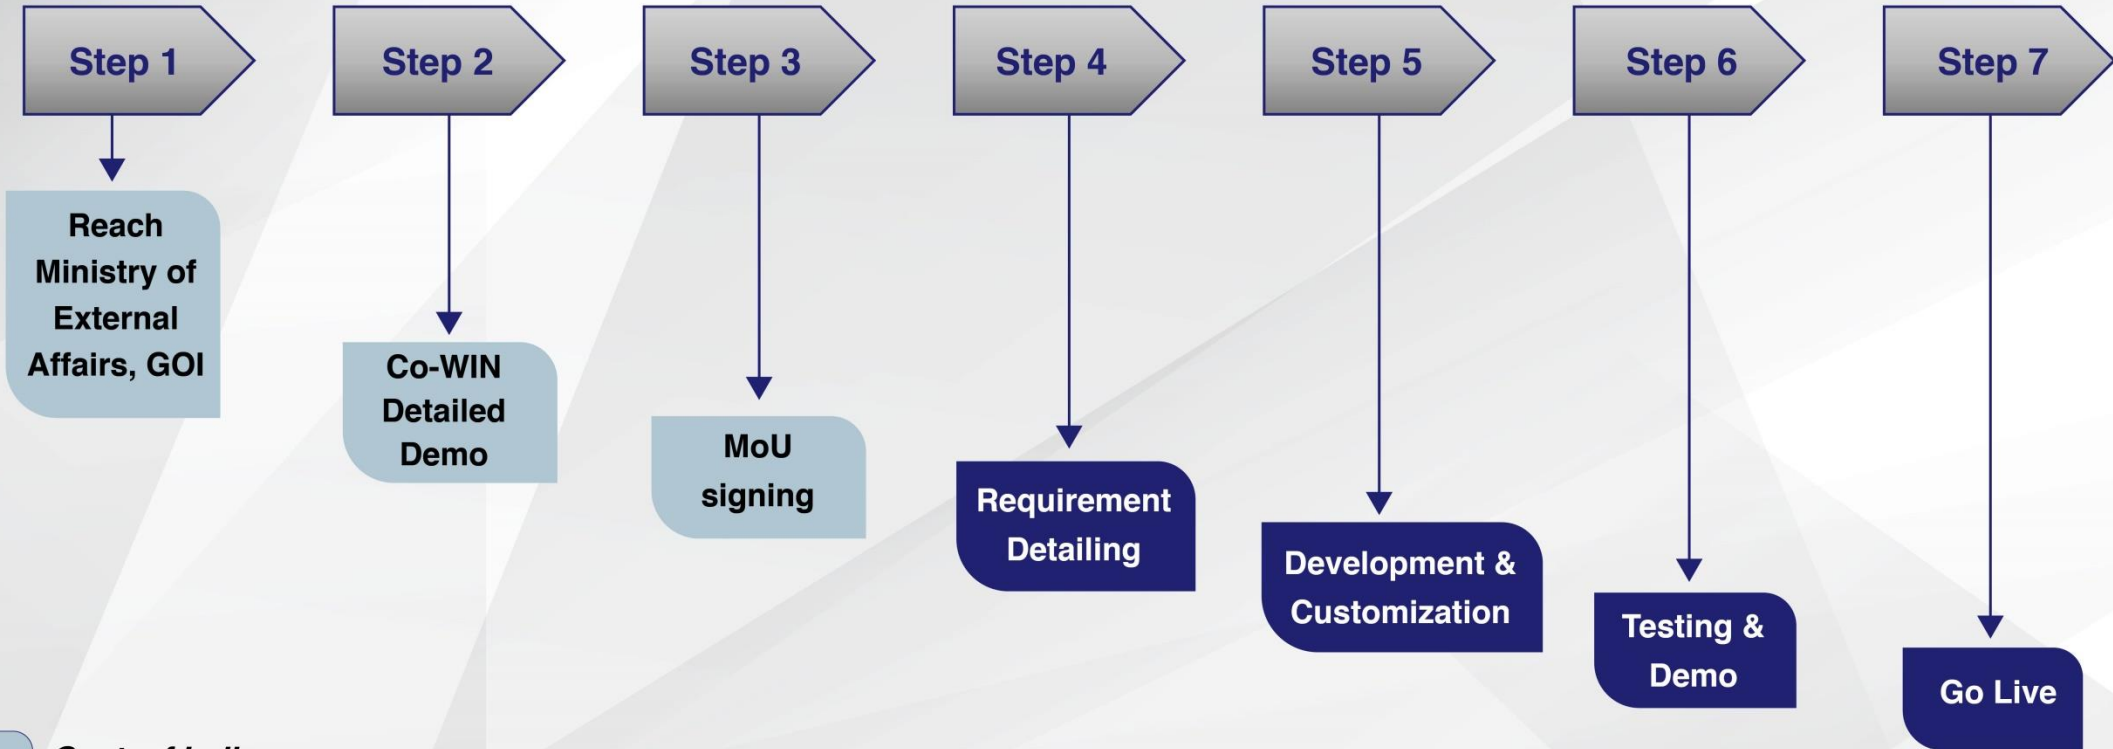

- Comprehensive training and support material
- Made available through [www.cowin.gov.in](http://www.cowin.gov.in)

### Support for Implementation

- Technical agencies trained and empaneled by Government of India
- Option to seek support for implementation and customization

# Sharing Plan - Activities

 *Govt. of India*

 *Interested country with support from Technical Agency*

**Project Management**

Team Mobilization, Planning, Monitoring and Governance, Reporting

Ministry of External Affairs  
Government of India

# Thank you!
